

# Ener-Kleen D

## Degreaser

*FREE RINSING*

*NON FLAMMABLE*

*NO VOC's*

### Product Description:

Ener-Kleen D degreaser contains a complex and very unique mixture of nonionic and anionic plant based surfactants with natural mineral complexing agents. Ener-Kleen D is an excellent choice for chemical cleaning of hydrocarbon foulants such as oils, greases, waxes, gums, tars and coke. Safe on all ferrous and non-ferrous metals. Ener-Kleen D degreaser provides a highly effective and easy-to-use alternative to compounds containing volatile organic solvents, halogenated solvents, petroleum based degreasers and inorganic phosphates. Contains no heavy metals - biodegradable and exhibits little environmental impact when disposed of properly. On-site use eliminates cost of dismantling equipment, sending it off-site for cleaning services and reassembling

### Physical Properties:

Physical State: Liquid

Specific Gravity: +/- 0.005 to 0.05

Solubility in water: Soluble

pH: 12.5 +/- 0.2

Odour/Appearance: Water thin, clear blue, mild odor

Boiling Point: 100 °C/ 212 °F

Freezing Point: 0 °C/ 32 °F

### Application:

Ener-Kleen D can be diluted: 1 part concentrate with 10-20 parts water for general light cleaning. For heavy duty cleaning dilute 1 part Ener-Kleen D with 5-10 parts water depending on soil. Note: Soil conditions will vary, therefore trial of different dilution rates is recommended to determine proper dilution for the job.

### Packaging/ Handling:

Ener-Kleen D is available in 4L jugs, 20L pails, 208L drums, 1000L totes and in bulk. Before using this product please refer to the Material Safety Data Sheet for all safety and handling information.

Please contact your local Enerspec Manufacturing associate for various application details.

*This green product works as well or better than a conventional product, is very effective and Environmentally Safe.*
